THE CLEVELAND LAW SCHOOL

General Statement

A generation ago the average lawyer obtained his legal education in an office, receiving such instruction as he could from the practicing lawyer in return for clerical or other services. Only the few were able or in fact did have the advantage of law school training.

Nine out of ten were office bred. Many great lawyers were the product of the prevalent system, and the old-fashioned leisurely lawyer had plenty of time thus to act as an instructor.

The Cleveland Law School was started, in 1897, as a night school, not as a competitor to the day school, but as a means of assistance to the students of the offices whose nominal preceptors in the rapidly increasing strenuous life of the professor, were more and more neglecting them.

It has never been the purpose of the school to advise prospective lawyers to take up the study of law as a side issue, where there is opportunity to pursue it otherwise.

We, therefore, appeal to but three classes of men and women.

First, to those who are studying law in an office under the old plan and desire instruction and assistance beyond that obtainable from the nominal preceptor, who may lack the time, the inclination or even the ability to be of much assistance.

Second, to those who, while not desiring to enter the practice, desire a fair and useful knowledge of legal principles as an aid to commercial life. And,

Third, to the youth of extreme energy, perseverance and industry who must devote his days to labor in some other line, but who is willing to sacrifice his pleasure and devote practically all his leisure time in mastering the knowledge necessary to proficiency in the practice of law.

In the years that the Cleveland Law School has operated we have attracted and graduated many of each of these classes. We are proud of our graduates.

Many of them have not taken up the profession of law, but are leaders in other walks of life.

LAW SCHOOL OFFICE

Many of them have chosen the profession and have almost invariably been successful. You will find them on the bench and leaders of the bar. At the present time thirteen out of sixteen of the presiding judges in the Municipal Court of Cleveland are graduates of the Cleveland Law School.

Advantages

The Cleveland Law School is located in the heart of the city, mid-way between the Federal Court House and the new County Court, and easily accessible by street car from any portion of Cuyahoga or adjoining counties. Our faculty is composed of men all of whom are experienced lawyers, who have been for years active at the trial table or on the bench.

The lectures are given by men peculiarly fitted for these several branches, and the lessons assigned are such that the ambitious student can spend upon them all the time at his disposal.

We do not profess to make lawyers, but only assist young men and women to make lawyers out of themselves.

Library Facilities

In September, 1924, a new reading and study room was created and approximately one thousand new volumes added to the school library. Here the student has access to the Ohio State Reports, (of which there are three sets), Ohio Court of Appeals, Ohio Nisi Prius, Ohio Circuit Court Reports, United States Reports, Lawyers' Reports Annotated, American Law Reports, Corpus Juris and Cyc (two sets), the general Statutes of Ohio and the Digests of same, and numerous text and case books, to supplement the general course of study. The library is free to any student of the school and is at his disposal from 9 a. m. to 9 p. m. every day except Saturday after 1 p. m. and on Sunday.

The Cuyahoga County Law Library, one of the finest in the country, is located in the County Court House, just one block north of the School, while the Public Library is just one block east. The former offers special rates for membership to students, while the latter is free.

GENERAL INFORMATION

RULE XIV

Admission to the Bar

Section 1. Except as provided in Section 1703 General Code, concerning persons who have been admitted and practiced in the highest court of another state, or in the Supreme Court of the United States, for a period of five years, no person shall be admitted to the bar except upon an examination and certificate of the Standing Committee on Examinations.

Section 2. There shall be appointed, to take effect on the first day of January, 1901, ten discreet and judicious attorneys and counselors-at-law to be known as the Standing Committee on Examinations. Two members of the committee shall be appointed for one year, two for two years, two for three years, two for four years, and two for five years. Their successors shall be appointed for a term of five years each.

Section 3. The Standing Committee shall hold examinations of applicants for admission to the Bar in the City of Columbus, Ohio, on the last Tuesday and Wednesday of June and the first Tuesday and Wednesday of December. No other examinations will be held. Examinations must be conducted under the direction of the Committee.

Each examiner shall grade the papers of the applicants in the subjects in which he has submitted questions and forward his report to the Chief Justice of the Supreme Court, who shall cause the grades to be tabulated.

Section 3a. No applicant shall be admitted unless he has sustained on his written answers to the questions of the examiners an average grade of 75 percent on an examination embracing the following subjects:—

The law of real and personal property, torts, contracts, evidence, pleading, partnership, bailments, negotiable instruments, agency, suretyship, domestic relations, wills, corporations, equity, criminal law, constitutional law, and the canons of professional ethics adopted by the Ohio State Bar Association, at its 30th annual meeting, 1909.

Section 3b. None but citizens of the United States will be admitted to the examination and every applicant must be twenty-one years of age. The printed interrogatories and the answers of applicants thereto shall be submitted to the Court, and, together with all certificates and papers required under this rule, shall be filed with the Clerk and preserved. (As amended Nov. 17, 1925.)

Section 4. REQUIREMENTS AS TO GENERAL LEARNING. *Each applicant for registration as a law student must present a certificate of general learning with his certificate that he has begun the study of law. Such certificate of general learning shall meet the following requirements:*

- A. If filed between the 15th day of October, 1926, and the 15th day of October, 1927, it shall show that the applicant has successfully completed one year of study in an approved college, to be evidenced by the signature of the proper official thereof; or other educational equivalent to be determined in the manner provided by Paragraph "H" hereof.*
- B. On and after October 15, 1927, it shall show that the applicant has successfully completed two years of study in an approved college, to be evidenced by the signature of the proper official thereof; or other educational equivalent to be determined in the manner provided by Paragraph "H" hereof.*
- C. It shall further show—*
 - (1) That the requirements for admission to the college issuing the same are at least 15 units of high school credits and that the applicant satisfied said requirements.*

(2) The period of the applicant's attendance.

(3) The number of college credits received, which shall be not less than 30 semester hours, or 45 quarter hours, for each year of study in an approved college.

D. Applicants who register or apply for examination under the provisions of sections 7 and 8 of this rule shall be required to file certificates of general learning as provided in paragraphs "A", "B" and "C" hereof, at the time of such registration or application.

E. All credentials presented under this rule must be submitted to the Court and if the Court is satisfied that the applicant has the educational qualifications required he will be admitted to registration. All credentials presented shall be filed with the Clerk.

F. The Clerk of this Court is authorized to accept certificates which clearly meet the requirements of this section.

G. Diplomas should not be presented. Certificates which may be retained permanently are desired. They should be upon the official stationery of the college or university in which the applicant carried on the study required.

H. Questions as to whether a particular college is an approved college within the meaning of this section, and questions as to the value to be given to credits presented from a college not approved, and questions relating to the sufficiency of the credits presented by an applicant, shall be referred to an examiner appointed by this Court, and his determination of such questions shall be final and shall be reported to this Court for record.

I. Members of the Ohio Association of Colleges are "approved colleges."

J. Certificates of general learning meeting the requirements of Section 4 as the same existed immediately prior to the adoption of this amendment will be accepted for registration until October 15, 1926.

K. Applicants who registered prior to June 7, 1923, who have not yet filed certificates of general learning, may qualify in that respect by filing a certificate meeting the requirements of Section 4, as the same existed immediately prior to the adoption of this amendment. (As amended January 14, 1926.)

Section 5. The Court will not receive applications for waiver of the requirements mentioned in Section 4.

Section 6. Every resident of the state who commences the study of law on and after June 7, 1923, either under the tuition of an attorney-at-law, or at a law school, whether located in this state or elsewhere, shall file with the Clerk of the Supreme Court his declaration of intention to commence the study of law preparatory to examination for admission to the bar together with the certificate of such attorney or of the chief officer of such law school, as the case may be, showing his name, age and residence, and the date when he commenced the study of law, which certificate shall be accompanied by a fee of one dollar. As to all such persons the period required for the study of law by the rules of this Court shall date from the filing of such declaration and certificate.

Before any such certificate and declaration shall be filed such person shall present to the Clerk of this Court satisfactory evidence of general educational attainments as required by section 4 of this rule. (As amended May 22, 1923).

Section 7. Every person who shall commence the study of law while a non-resident of this state, and who has not been regularly admitted as an attorney-at-law in some court of record within the United States, shall, on coming into this state to reside, file with the Clerk an affidavit showing that he has come into the state for the purpose of making it his permanent residence, and stating his name, age, present and former residence, and also

the certificate of his preceptor, or of the chief officer of his law school, showing the time when, and place or places where, and under whom, he has studied law; which papers shall be accompanied by a fee of one dollar and certificate of general learning as required by Section 4 of this rule.

The one year's residence in this state required of such persons by section 1701 General Code shall date from the filing of such papers. (As amended Feb. 25, 1925.)

Section 8. Every person entitled to be admitted to the examination under Section 1702, General Code, on the ground that he has been regularly admitted as an attorney and counselor at law in some court of record within the United States, shall, not less than ninety days before the time fixed for the examination, file with the Clerk the following credentials:

1. An affidavit showing that he is a resident of this state or that he has come into the state for the purpose of making it his permanent residence, and stating his name, age and former and present residence.

2. His certificate of admission to the bar.

3. The certificate of a judge of the court of record in which he has practiced law, showing the time such judge has personally known him, the period of time he has practiced law and his moral and professional standing at such bar.

4. Certificate of his preceptor or the law school which he attended showing the period of his study of law. (If the judge's certificate mentioned in No. 3 shows practice for three years or more this certificate is not required.)

5. Certificate of general learning as required by Section four of this rule.

Section 9. Repealed May 22nd, 1923.

Section 10. Except as provided in Section 8, concerning persons who have been admitted to the bar in some Court of record within the United States, every person who desires to have his name enrolled for examination must not less than ninety days before the time fixed for the examination, file with the Clerk his application, giving his name, age, residence and postoffice address, and with such application he shall present a certificate: (1) from a law school where instruction is given during the day time and in which the entire time of the student is devoted to study of legal subjects, whose standing is approved by the Court, certifying that the applicant has regularly and attentively studied in said law school for the period of three school years, or (2) from a law school where the entire time of the student is not devoted to the study of legal subjects, whose standing is approved by the Court, certifying that the applicant has regularly and attentively studied in said law school for the period of four school years, or (3) if the applicant has studied law under the tutorage of an attorney in active practice as the preceptor and instructor of such applicant for a period of four calendar years, and not less than two hundred hours per year of actual legal instruction, the facts with relation to such instruction and practice shall be set forth in such certificate and duly verified by the affidavit of such attorney, showing that during such period he has given actual instruction for the required number of hours in the subjects enumerated in Section 3a of this rule.*

Provided, that students heretofore registered will be required to show compliance with this rule covering the period from and after January 15th, 1924; and in no case will the certificate of another attorney or counselor at law be received unless it be shown by the affidavit of the applicant that his preceptor is dead or that his certificate cannot for some reason satisfactory to the Court, be obtained, but in such case the certificate must show that the certifier has personal knowledge of the length of time the

*The Court has ruled that no additional credit will be allowed to law school students for law study under attorneys between law school terms; nor is any additional credit allowed to such students for part time study in law offices during school terms.

applicant has been engaged in the study of law; also that the said certificate shall show the name and postoffice address of the applicant's preceptor. Each applicant for admission to such examination shall be required to state in an affidavit filed by him on his application for admission to such examination, that he is a citizen of the United States and that he has resided in the State of Ohio for the year last past, and that he has read the Canons of Professional Ethics, adopted by the Ohio State Bar Association July 7, 1909, and has faithfully endeavored to make himself acquainted with the same, and that he will endeavor to conform his professional conduct thereto. (As amended Jan. 15, 1924, and Feb. 25, 1925.)†

Section 11. No certificate, affidavit or other paper produced in conformity with this rule shall be deemed conclusive evidence of the facts therein stated, and in all cases the court must be satisfied of the truth thereof before the applicant shall be admitted to examination.

Section 12. Each application for admission to an examination must be accompanied by an examination fee of \$15.00, which will be returned to the applicant if his name is not placed on the examination roll. If his name is placed on the examination roll, and he fails to receive a certificate of qualification, an additional examination fee of \$10.00 must accompany each subsequent application. If the applicant, on examination, shall be rejected, he may be admitted to the next examination upon filing a certificate from a law school or an attorney, as required by Section 10 of this rule, that he has studied law for the period of six months subsequent to the date of his former examination; but no one shall be admitted to more than five examinations. (As amended Jan. 20, 1925.)

Section 13. After the expiration of the thirtieth day before the examination the court will examine the papers filed by the applicant, and cause him to be notified whether he will be admitted to the examination unconditionally, or subject to the production of a supplemental certificate of additional study, when that may be necessary, and if so admitted, will cause his name to be placed on the examination roll which will be delivered to the Standing Committee.

Section 14. The Standing Committee may, subject to the approval of the court, make rules not inconsistent herewith, for the conduct of the examinations, which, together with this rule, shall be published in pamphlet form for distribution by the Standing Committee.

Section 15. The applicant upon receiving the oath of office, shall sign a roll showing the date of his admission and the place of his residence. The oath administered shall be as follows:

I DO SOLEMNLY SWEAR:

I will support the Constitution of the United States and the Constitution of the State of Ohio;

I will maintain the respect due to courts of justice and judicial officers;

I will not counsel or maintain any suit or proceeding which shall appear to me to be unjust, nor any defense except such as I believe to be honestly debatable under the law of the land;

I will employ for the purpose of maintaining the causes confided to me such means only as are consistent with truth and honor, and will never seek to mislead the judge or jury by any artifice or false statement of fact or law;

I will maintain the confidence and preserve inviolate the secrets of my client, and will accept no compensation in connection with his business except from him or with his knowledge and approval;

†Note:—Any student may obtain a copy of the American Bar Association publication containing above named Canons of Professional Ethics by application to the Clerk of the Supreme Court. Blank application for admission to the examination should also be obtained from the Clerk.

I will abstain from all offensive personality, and advance no fact prejudicial to the honor or reputation of a party or witness, unless required by the justice of the cause with which I am charged;

I will never reject, from any consideration personal to myself, the cause of the defenseless or oppressed, or delay any man's cause for lucre or malice. SO HELP ME GOD.

CLASS ROOM

Admission to the School

The requirements for graduation from the Law School are the same as those prescribed by the state statutes for admission to the bar, already quoted.

Applicants for admission to the Law School, must have attended a recognized college for a period of two years.

Persons otherwise qualified who present credits from reputable law schools having requirements similar to those of this Law School will be admitted to the advanced standing to which such credits may entitle them, provided such credits do not cover a period of study exceeding three years. Admission to the Bar of Ohio, requires one year's study in the State of Ohio, and graduation from The Cleveland Law School requires one year's study in the classes of The Cleveland Law School. Credit will not be given for legal study pursued under the direction of a correspondence school.

Special Students

Persons, not candidates for a degree, may pursue one or more courses as special students, provided they are qualified to take such courses to advantage. They will receive a certificate for all work done and may enter at any time as candidates for a degree, provided they were substantially qualified under the above requirements for admission as regular students at the time of first entering the school.

Matriculation

Students are urged to enter at the beginning of the school year.

Register Early

The first semester begins September 16, 1929. The office, which is located in the Engineers' Building, is open for registration every day, from 9 a. m. to 4 p. m., except on Saturday, when it closes at 1 p. m.

Hours of Lectures

The lectures for the First, Second and Third year classes are given every Monday, Wednesday and Friday, in the late afternoon and evening. The student may select the session that will best suit his convenience. The evening and afternoon courses are the same.

The lectures for the Fourth year class are given on Tuesdays and Thursdays.

Lecture Hours

Monday, Wednesday and Friday;

Afternoon Sessions 5 to 7 P. M.

Evening Sessions 7 to 9 P. M.

Tuesday and Thursday;

Evening Sessions 6 to 9 P. M.

This arrangement enables the school to profit by the services of lecturers engaged in practice or in public service, while it gives to students the entire day for study, visiting the libraries, or attending the sessions of the Courts.

The course covers a period of four years, at the end of which time students who have maintained the required standard of scholarship and character are entitled to a certificate admitting them to the state bar examination, and the course of study is such that the diligent student of proper preliminary education ought to have no great difficulty in being admitted to the bar.

A degree of LL. B. is conferred upon those qualified students who have completed the four years' work.

Attendance

Students are required to be regular in their attendance at the lectures. Irregular attendance results not only in a loss of interest in the study of the law, but in a lowered standard of scholarship. If, therefore, in the judgment of the Faculty, a student, because of his irregular attendance, is not maintaining the required standing, his registration and enrollment in the class will be cancelled. A certificate of regular attendance will be refused unless the requirements of the school are fully met. The student who is present at ninety per cent or more of the lectures throughout the scholastic year will be deemed regular in his attendance.

Examinations

Class examinations are held at the close of each subject. These examinations are intended to test the thoroughness of the student's work.

An average of 75 per cent. in his grades must be attained to entitle a student to a certificate of attendance.

No special examinations are granted, save in cases of sickness on the day of examination, or for other imperative cause approved by the Dean of the School. In no case will such examination be granted unless prompt application be made therefor.

Method of Instruction

The case system of teaching law seems best adapted to the needs of the law school whose students in the main have no occupation other than that of students.

A large majority of our students on the other hand are employed during the day in other lines of industry, and therefore our instructors follow the text-book system, combining with it lectures, and citing cases to be read by those who desire a degree.

The system in vogue is that known as the "Dwight Method" and it consists of lessons from a text-book assigned in advance, recitation from the students, and explanations from the instructor.

Courses of Instruction

The courses of instruction offered are carefully graded between the four years. A regular student may take any course offered in the year to which he belongs, or any course not already taken in the preceding year; but he may not take, without special permission, a course assigned to a succeeding year.
